**Subject:** Bunker Hill Mine tour  
**Date:** Monday, July 16, 2018 11:15:00 AM

---

Eric:

The operator of the Bunker Hill Mine has informed me that he will have an investor in town the week of August 6 and would like to schedule a tour of the CTP. I will accompany them but I would like to request your assistance for providing the tour. I don't know much about them but would like to accommodate the request as they enter their capital raising phase.

Please let me know if there any issues with doing so via email. I don't plan to bring this up on the call in the interest of respecting their privacy.

On another note the Basin Commission will be conducting its annual tour of the active projects in the CDA Basin on August 15. We planned on doing the GCS/CTGP site overviews from the perches on McKinley Ave and Galena Ridge development. As an aside, Tom Bourque has reached out to me and is suggesting we get a little more close up and personal with the construction. While that may be very eye opening this will be a rather large group of 2 busloads plus a few cars (50 – 70 people) so is a challenge to manage. Don't feel compelled to allow this unless you feel like it's a good opportunity to show your stuff. We can discuss this more on the call today.
